28 April 2016

To All Drivers,

This is a reminder about the placing of sponsor's stickers on vehicles at National events such as the National Rounds, the NZ Short Course Champs and the NZ Enduro Champs. The rule book states (under "Competition Rules"):

(Section)

- g) All vehicles must make the space at the top of the front windscreen or along the top of the roll cage, facing forward, available to ORANZ for National, Class or event sponsor's signage. Signage to be in place for the length of the season or event. Size to be 100mm deep and the width of the windscreen or roll cage. All vehicles must make space on each side of the vehicle of no more than 600mm long x 150mm high, at approximately driver's shoulder or helmet height, available to ORANZ for National, Class or event sponsor's signage. Truck classes may run the signage on either front guards or rear side windows

An exemption can be applied for from the Chief Steward (Phil Cameron) if the cars/trucks are well branded by the main sponsor of the class. He can be contacted on email [camcoltd@xtra.co.nz](mailto:camcoltd@xtra.co.nz) or by phoning 0274 793506.

At events run by clubs that are NOT a National round or NZ Short Course or Enduro Champs, that have acquired class or event sponsors, placing of stickers will be as negotiated by the club with the sponsor/s, so long as it *does not cover the existing ORANZ sponsor decals*.

Yours sincerely,

Paul Smith  
ORANZ President
