TAG VALIDITY

Due to the confusion of the tag validity period, your 2016 tag is valid through to March 31st 2017.

It is intended that the three-month grace period will continue from year to year.

This is to allow clubs and contestants to race in Club events and should a National event be close after Christmas, it would be unfair to expect contestant and scrutineers to attempt to have the cars inspected and tagged during the holiday periods.

It is suggested that you re-tag prior to any major event and as soon as practical. Please remember that it is up to the car owner or delegated person to ensure the car is up to the tagging standard as per the Rule Book and not rely on the tagging system to find the faults for you.

Yours sincerely,

Phil Cameron

Chief Steward.
