13th May 2018

South Island Series – Round One – Nelson – Saturday 12 the May 2018

Very simple;

Although in rain, perfect set up, very little input as club had a good handle on it

Great team spirit

Perfect pit layout, plenty of room

Saturday on site scrutineering of good standard

Time trials well marked and executed

Race start being staggered and timed worked for everyone

Race control good with radio communications and marshals well placed

Very quick lap times and no serious incidents

Good recovery at end of day

Great prize giving which was well attended

All in all, how an event should go, every competitor came away enjoying themselves.

A credit to the club and their helpers.

Yours sincerely

Phil Cameron – Chief Steward
