Clerk of the course report

June 24th 2019

Woodhill – North Island national round 2 - 2nd June 2019

U66 – Cutting the track, driver was spoken to.

170 – assistance given; 41 seconds taken off overall time.

U87 – assistance given; 3 minutes taken off overall time.

One protest was upheld on the day. This protest is undergoing the appeal process as per the rules.

I have a concern regarding the proximity of the spectators to the start/finish straight. Consideration of this needs to be taken into account going forward for health and safety reasons.

A true off-road race track, the organizers and marshals did an excellent job.
